Thank you for your parent organization/booster club's time and commitment to the students of Chino Valley Unified School District (District).

"The Board of Education recognizes that parents may wish to form parent organizations for the purpose of supporting district activities and helping achieve the District's vision for student learning. The term 'parent organization' may include a booster club, PTA, PFA, or any other organization that generally raises money for classroom activities or activities at specific schools. The Board supports such activities and welcomes parental interest and participation."

CVUSD Board Policy 1230 (a)

This manual is designed to assist parents and community members in establishing and operating parent organizations/booster clubs within the District.

Only those parent organizations/booster clubs that are approved by the Board of Education and operating under the policies and procedures established within this manual will be authorized to operate as a school-connected organization and allowed to use District school facilities in support of parent organization/booster programs.

Specific questions regarding forming and operating parent organizations/booster clubs should be directed to the school site administration or the District's Business Services Department.

PARENT ORGANIZATION/BOOSTER CLUB BASICS

As part of each parent organization/booster club's annual application for authorization, the District Board Policies and Administrative Regulations require that all parent organizations/booster clubs shall:

INSURANCE REQUIREMENTS

The District's liability for a parent organization/booster club's conduct and activities may be based upon the nature of the relationship between the parent organization/booster club and the District. A lawsuit based upon a parent organization/booster club activity or fundraiser may likely also name the District and seek a finding of joint liability. Whether the District is appropriately named in the lawsuit or not, the District will incur substantial legal expenses in defending the lawsuit.

Therefore, the District requires parent organizations/booster clubs to provide the following:

- Certificate of Liability Insurance naming the Chino Valley Unified School District as "additional insured" with the following

The minimum required limits of coverage are:

- ✓ General Aggregate: \$2,000,000 (annual)

- Endorsement page naming the District as "additional insured"
 - Declaration page, including any exclusions

LIMITS OF LIABILITY

- Parent organizations/booster clubs must not ever be involved in administering or supervising activities of student organizations.
- Parent organizations/booster clubs must not cause others to believe they are in charge of or have any responsibility for school activities. This is especially a concern for sport or band parent organization/booster clubs.
- School site and District administration advise parent organizations and booster clubs on District policies and procedures, and can review or audit any parent organization/booster clubs' operations and finances.

- Any contractual or financial obligation incurred by a parent organization/booster club shall be solely that of the parent organization/booster club.
- Parent organizations/booster clubs are required to sign the Hold Harmless Agreement (**attached as Exhibit E**) included in this operating manual, annually upon submitting its application for authorization to the District.

- Parent Organization/booster clubs' ability to use District school facilities is regulated by California Education Code sections 38130-38139, known as the Civic Center Act.

DONATIONS

Parent organizations/booster clubs exist to assist school and ASB programs. Such assistance may come in the form of donations of supplies, equipment and payment for student transportation to events.

- Parent organizations/booster clubs can donate funds to ASB accounts, but once money is in ASB accounts, it may not be used by parent organizations/booster clubs or transferred back to parent organization/booster club accounts.
- All donations to ASB must be accepted and approved by the ASB student council.
- Education Code section 41032 and District Board Policy 3920(a) provide that the District Board of Education may accept and approve any donations to a school or the District. Donations to school programs must be processed in accordance with CVUSD Board Policy and Administrative Regulations.
- ❖ **When a parent organization/booster club wishes to donate funds to the District for supplies or equipment:**
 - ✓ Parent organization/booster club must first donate the funds and clearly indicate the purpose of the donation;
 - ✓ District will then carry out the purchase through its purchasing system and in accordance with District guidelines and California law.
- ❖ **When a parent organization/booster club wishes to donate funds for transporting students to and from events:**
 - ✓ The District school site must have already completed a CVUSD field trip request form for the event in question;
 - ✓ The District Business Services Department will bill the parent organization/booster club for the cost of the transportation;

If a parent organization/booster club wishes to make a payment to a District employee (e.g. a coach for services provided at a summer camp), it must follow the procedures outlined below.

❖ Athletic department employees & other District employees

- ✓ Parent organizations/booster clubs may not directly hire any District employees to perform services for the District or a District school site.
- ✓ Procedures for parent organizations/booster clubs to pay for additional support personnel (e.g. additional coaching staff) are as follows:
 1. The parent organization/booster club must obtain the approval from the site principal about the parent organization/booster club's desired staffing.
 2. The principal must then consult with the District's Human Resources Department regarding the legality of hiring such a position.
 3. Upon approval of the Human Resources Department, the principal will complete a personnel requisition and forward it to the Human Resources Department for processing.
 4. The Human Resources Department will collect the donation from the parent organization/booster club for the total cost of the employee, including statutory benefits. An online calculator is available to assist the parent organization/booster club with the calculations of the employee's statutory benefits cost.

5. The employee will be hired by the Human Resources Department through normal process, subject to all rules and regulations imposed and California state and federal law.
6. The employee is not authorized to and should not perform *any* services until after the District Board of Education's approval of the hiring and the District's receipt of donated funds to pay for the employee.
7. The employee will be paid by the District only after the above procedures have been completed. Payment will be made in accordance with applicable collective bargaining agreement and District procedures.

USE OF THE DISTRICT PRINTING, GRAPHICS, MAIL, AND MEDIA CENTER SERVICES

Parent organizations/booster clubs may make use of District printing, graphics, mail, and media center services for parent organization/booster publications, under the following conditions:

1. Requests for classroom support materials take priority over parent organization/booster club requests.
2. Costs for materials, labor, and equipment usage will be billed to the parent organizations/booster clubs.
3. A deposit may be required prior to rendering services to cover the cost of outsourcing or non-stocked materials to be used in the production of requested services.
4. A signed Printing, Graphics and Mail Services authorization form will be required from the Principal or designee of the school supported by the parent organization/booster club, stating that "I have read and examined this publication and approved its contents for distribution."
5. All parent organization/booster club publications must clearly state that they are sponsored by the parent organization/booster club, and not by the school or the District.
6. All parent organization/booster club publications must comply with all copyright and fair use laws and regulations.

FUNDRAISING

Parent organization/booster club fundraising must not conflict with California law, District Board Policy/Administrative Regulation, or any rules of the sponsoring school.

Parent organization/booster club fundraising involves activities planned, operated and run by parent organization/booster parents.

Students may be involved in booster fundraising only after school and during weekends.

FUNDRAISER REQUESTS

All parent organization/booster club fundraisers require submittal of a completed Application for Fundraising Activity (Exhibit F) and the approval of the following departments:

1. Secure facilities use approval. If a fundraiser will take place on school property, submit an online Use of District Facilities Application and secure approval prior to the submission of a fundraiser application.
2. Obtain Site Principal approval. All fundraisers applications require the signatures of the parent organization/booster club president and the high school activities director (if at a high school), prior to seeking approval of the school site Principal.

At the beginning of each school year, each parent organization/booster club shall submit to the principal a list of all the fundraising events that it proposes to hold that year. The site principal will review the proposed events and determine whether they conflict with or detract from the school site's educational program.

3. Obtain Director of Business Services approval. After securing school site principal's approval, submit fundraiser application to the Business Services Department for approval and processing to the board of education for approval.
4. Obtain Board approval. Always receive prior authorization from CVUSD Board of Education for any fundraiser by submitting an "Approval Application for Fundraising."

FUNDRAISER GUIDELINES

Fundraising should be conducted with the goal of benefiting all students in the activity without identification of individual students.

- Fundraising should always have a stated and specific goal and not simply to raise money for the group.
- Students participating in parent organization/booster fundraising activities cannot be required to volunteer.
- No student or teacher may be required to raise any minimum amount of money or to sell any minimum amount of goods.

- All parent organization/booster funds must be collected and deposited into the parent organization/booster club bank account.
- Parent organizations/booster clubs cannot use ASB money nor deposit funds in ASB accounts.
- Parent organizations/booster clubs may not use the District's tax identification number or tax exempt status.
- On-campus activities, especially parent organization/booster club fundraisers, must not supplant, duplicate, nor interfere with other school programs.

ALCOHOL AND TOBACCO

The sale, purchase, or consumption of alcoholic beverages or tobacco products while on District or school property is specifically prohibited.

California Business & Professions Code section 25608(a) states:

“Every person who possesses, consumes, sells, gives, or delivers to any other person, any alcoholic beverage in or on any public schoolhouse or any of the grounds of the schoolhouse, is guilty of a misdemeanor.”

This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

FOOD SALES

Parent organizations/booster clubs must comply with Federal and State laws and District Board Policy/Administrative Regulations regarding the sale and handling of food on school premises as well as the District's wellness policy.

- All parent organization/booster club food sales on District property must comply with healthy snack requirements, unless the sales take place at least one-half hour before or one-half hour after school hours.
- No fundraising food sales of any kind, including bake sales, are allowed during school hours.
- Parent organizations/booster clubs may be authorized by the District to operate concession stands at athletic events in order to raise funds for the organization. However, ASBs always has first priority.

SALES OF GOODS OR MERCHANDISES

Parent organizations/booster clubs planning to conduct fundraisers involving the sale of goods or merchandise must obtain a California's seller's permit.

- Operating concession stands and selling school spirit clothing or other items require a seller's permit.

- Sales by a parent organization/booster club are generally taxable.
- For more information on obtaining a seller's permit, or on sales and use tax, you may contact the California Board of Equalization at <http://www.boe.ca.gov> or call 800.400.7115. Information can also be found on the following web-sites:

RAFFLES AND BINGOS

California Penal Code Section 330 (as well as the San Bernardino County Code and the Chino Municipal Code) provide that:

"Every person who deals, plays, or carries on, opens, or causes to be opened, or who conducts, either as owner or employee, whether for hire or not, any game of faro, monte, roulette, lansquenet, rouge et noire, rondo, tan, fan-tan, seven-and-a-half, twenty-one, hokey-pokey, or any banking or percentage game played with cards, dice, or any device, for money, checks, credit, or other representative value, and every person who plays or bets at or against any of those prohibited games, is guilty of a misdemeanor, and shall be punishable by a fine not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000), or by imprisonment in the county jail not exceeding six months, or by both the fine and imprisonment."

Gambling is illegal in California. Parent organizations/booster clubs are required to comply with gambling prohibitions under California state law and may not hold any illegal gambling, casino, bunco or other lottery type events, including poker tournaments.

Illegal raffles, bingo games or gambling fundraisers can result in revocation of the parent organization/booster club's authorization to operate.

❖ Raffles

Legal raffles can only be conducted if the parent organizations/booster clubs meet the following requirements:

1. Obtained both federal and state tax-exempt status;
2. Licensed to do business in California for at least one year;
3. Registered with the California Attorney General;
4. Completed the California Attorney General's annual raffle registration form by September 1 of the year in which the raffle will be held;
5. Submit an annual report to the California Attorney General that includes gross receipts and expenses incurred from the operation of the raffle, as well as the charitable or beneficial purposes for which the proceeds were used.

Other Restrictions regarding raffles

- ✓ At least 90% of the profits of each raffle must be distributed to beneficial or charitable purpose. This means “50/50” raffles are illegal!
- ✓ Detachable tickets must have identifying numbers.
- ✓ Only adults may supervise the raffle drawing.
- ✓ The raffle may not be conducted over the internet.

For more information on conducting a legal raffle, visit the California Attorney General’s website.

❖ Bingos

Legal bingo games can only be operated if parent organizations/booster clubs meet the following requirements:

1. Complied with all of the City of Chino/City of Chino Hills/City of Ontario and the County of San Bernardino’s extensive ordinances regarding the operation of bingo games;
2. Obtained California tax-exempt status;
3. Held a valid bingo license prior to conducting any games;
4. Did not allow any minors to participate in any bingo game
5. The total value of prizes awarded does not exceed \$250.00 in cash or kind, for each game held.

California law and city and county ordinances provide that it is a criminal misdemeanor to violate bingo ordinances, or to pay or receive a profit, wage, or salary from any bingo game.

PRIVATE INUREMENT/PRIVATE BENEFIT

No individual may personally or privately benefit from a nonprofit tax-exempt organization’s fundraising.

The use of individual fundraising accounts could result in denial or revocation of the parent organization’s/booster club’s tax-exempt status by the IRS or the California Franchise Tax Board. In addition, the individuals who received benefits from donors could result in taxable income to them.

❖ Cooperative Fundraising and Individual Fundraising Accounts

- ✓ Cooperative fundraising occurs where individuals receive credit for funds raised.
- ✓ Individual fundraising accounts are used to keep record of credits to an individual student or parent for funds raised.
- ✓ The IRS has indicated that use of cooperative fundraising and individual fundraising accounts may disqualify a nonprofit organization’s tax exempt status.

❖ **Capital Gymnastics Booster Club v. Commissioner (2013)**

- ✓ In *Capital Gymnastics Booster Club v. Commissioner* (2013), a United States Tax Court upheld the Internal Revenue Service's revocation of a parent-run booster club's tax-exempt status.
- ✓ In *Capital Gymnastics*, the deciding issue cited by the Court was that funds raised by parents were specifically earmarked for their own children.
- ✓ The Capital Gymnastics system also allowed parents to pay certain out-of-pocket costs and then fundraise less.
- ✓ Because of this fundraising structure, the Court found there was "private inurement" because specific dollars raised were earmarked for particular students and not the group generally.
- ✓ The Court ruled this meant some parents were using the tax-exempt booster club to raise money solely to benefit their own children.

FINANCIAL MANAGEMENT PROCEDURES

All parent organizations/booster clubs' bylaws should include written instructions on the recording of accounting transactions, such as the accounting method (cash vs. accrual), number of authorized signers on the bank account(s) and number of authorized signatures required for each check. All transactions should be recorded in the parent organization/booster club's financial records.

BUDGET

Before the beginning of each fiscal year, parent organizations/booster clubs should develop a budget to project expected revenues and expenses for the one-year period.

- The budget should include annual financial goals and a plan for achieving these goals.
- The budget should plan for:
 - ✓ What fundraisers will be held to raise the budgeted amount of revenue?
 - ✓ What will the planned fundraisers cost to hold?
 - ✓ Will there be enough revenue left over to accomplish the parent organization/booster club's financial goals?
- The parent organization/booster club's elected officers must continuously monitor the budget throughout the fiscal year by regularly comparing the budget to their club's actual revenues and expenses.
- When significant changes in the estimated revenues occur or increases in expenses are expected, parent organization/booster clubs should revise their budget accordingly.

FINANCIAL REPORTING

The parent organization/booster club's financial statement should contain information on the parent organization/booster club's income and expenses and the net gain or loss of each fundraiser the parent organization/booster club has conducted.

- The parent organization/booster club treasurer must submit financial statements comparing the current budgeted versus actual expenditures and receipts to the parent organization/booster club members and the school site principal or his/her designee at each meeting.
- The parent organization/booster club treasurer must submit financial statements to the District Business Services Department within 15 days of December 31st and June 30th of each fiscal year.

BANK ACCOUNT

Parent organizations/booster clubs must establish their own bank accounts. Comingling parent organization/booster club funds and Associated Student Body funds is strictly prohibited.

- The parent organization/booster club must not use the school site or District's name on its checks unless its name includes Parent-Teacher Association, Parent Faculty Association, Parent Teacher Organization or Booster Club.

- School site or District employees may not be signers on parent organization/booster club bank accounts.
- Only individuals who are authorized officers to handle parent organization/booster club funds may have access to funds through parent organization/booster club bank accounts.

COLLECTION OF MONEY

All parent organization/booster club cash or check collections must be supported by records documenting the source, the amount of funds, and when the money was received.

- Cash received from parent organization/booster club fundraisers should always be counted by two parent organization/booster club officers who then both sign a cash receipt with multiple copies.
- Multiple copies of all such parent organization/booster club cash receipt documentation should be readily available for annual audit purposes.
- The person receiving the money should give a receipt to the person delivering the money (both parties should retain their copy of the receipt).
- Any checks received should be restrictively endorsed immediately.
- Post-dated checks should not be accepted from any source.
- Receipts should indicate whether cash, check, money order, or cashier's check was received; date of the receipt; and signature of person receiving the money.
- Copies of all receipts and a list of checks, money orders, and cashier's checks received should be made to assist in recovery of money if these items are lost, stolen, or returned due to insufficient funds.
- If a money order or cashier's check is received, the receipt should indicate the total check amount; brand name of the money order or the issuing bank's name of the cashier's check; and the complete check or money order number.

PETTY CASH

Petty cash is a small amount of money kept in an office to pay for small items such as postage or office supplies. The amount of petty cash should be as little as is practical but should not exceed \$200.00.

- Strict controls must be maintained by keeping petty cash in a locked box accessible by only the treasurer and one other officer.
- District employees may not control parent organization/booster club petty cash accounts.
- Petty cash funds should be used for small purchases only.
- All purchases greater than the amount set as petty cash should be made with a sequentially numbered parent organization/booster club check for better cash control.
- Written records must be kept for all petty cash disbursements.

- Receipts must be kept for all purchases using petty cash.
- At any given time, the amount of petty cash remaining and the total of the petty cash receipts on hand should always equal the amount of the established petty cash amount.

BANK DEPOSITS

All parent organization/booster club funds money must be deposited to the parent organization/booster club bank accounts prior to holidays and weekends.

- Bank deposits should be made daily when cash on hand exceeds \$250.00.
- If daily cash received is less than \$250.00, bank deposits should be made within one week.
- Prior to depositing money, at least two people should count the money together.
- Receipts should be reconciled with all money turned in and deposited.
- Deposit slips should be retained and reconciled monthly to the account.
- There should be only one person authorized to make cash deposits of parent organization/booster club funds. Unauthorized personnel may not make cash deposits.
- Best practice is for two parent organization/booster club officers to always go to the bank together to make deposits.

DISBURSEMENT OF FUNDS

Proper receipts and invoices must be maintained for all disbursements of parent organization/booster club funds. At least two authorized signatures should be required for each check written to assist in establishing good internal controls over check disbursements.

- Prior to any disbursement of funds, the request to spend the specific funds should be compared with the parent organization/booster club's budgeted expenditures.
- A written record such as a purchase order should be completed, regardless of the amount. Each line item of expenditure must be described with specificity.
- Appropriate supporting documentation (invoices, receipts), including a signature from an authorized officer, should be attached to the written record and filed in check number order.
- Disbursements of parent organization/booster club funds outside the scope of the parent organization/booster club's budget or line items exceeding the approved budget should require a majority vote by the general membership of the parent organization/booster club.
- All parent organization/booster club expenses are to be paid by check from the parent organization/booster club's bank account.
- All parent organization/booster club checks must be sequentially numbered.
- All voided parent organization/booster club checks must always be documented and accounted for.

- Parent organizations/booster club should never pay for expenses from cash collections.
- Parent organization/booster club checks must never be made payable to “CASH.”
- Do not sign blank checks.
- Total “miscellaneous” line item expenditures listed must not exceed \$1,000.

BANK RECONCILIATION

The parent organization/booster club treasurer should reconcile bank statements and prepare financial reports monthly.

- Upon receipt of the parent organization/booster club’s monthly bank statement, the balance indicated on the statement must be reconciled with the bank account balance in the parent organization/booster club’s general ledger as of the last day of the month. The reconciliation should be completed within thirty (30) days of the date of the bank statement.
- The sequence of check numbers should be accounted monthly for when reconciling the bank statement with the parent organization/booster club’s books.
- Items needed for reconciliation include:
 - Bank reconciliation form
 - Prior month’s bank reconciliation
 - Bank statement
 - Check register and/or cash disbursement journal
 - Cash receipts journal
 - General ledger

SAFEGUARDING MONEY

- Parent organization/booster club money should never be kept in an unlocked drawer, unlocked filing cabinet, vehicle, or other unsecured place.
- Do not store the records of the money received (i.e., receipts, copies of checks) in the same place as the money. If records and money are stored together and a theft occurs, the record of the money may be taken along with the money. Subsequently, determination and recovery of losses will be more difficult.
- Money received and not yet deposited should not be used for purchases, check cashing, loans, advances, reimbursements, or for any other purpose.
- All unused checks should be kept safe and secure at all times.
- “Blank” checks should never be issued and checks should never be pre-signed.

1099 REQUIREMENTS

IRS requires that all payments for services in excess of \$600 made to a vendor or an individual by a parent organization/booster be reported on Form 1099 annually.

- Secure an IRS form W-9 from the provider at the time of service in order to obtain an accurate record of the taxpayer identification number.
- Issue a Form 1099 to all vendors who performed services in the last calendar year by January 31 of the next year.

ANNUAL AUDIT REQUIREMENTS

An audit is an examination of the parent organization/booster club's financial operations and financial records. It assures that all income and expenses are accounted for and are consistent with the parent organization/booster club's budget and bank statements. It also verifies that the bank and ledger balances match. The purpose of the audit is to protect the parent organization/booster club officers and the organization itself from financial fraud.

An audit is conducted:

- At the end of every fiscal year;
- Whenever there is a change in the person serving as treasurer;
- Whenever there is a change in any parent organization/booster club officer who signs parent organization/booster club checks; and
- When either District personnel or an accounting firm designated by the Superintendent requests an audit.

The best practice is to have the annual audit conducted by an independent party, such as a certified public accountant chosen by the parent organization/booster club's audit committee.

If the audit is not conducted by an external independent person, the audit committee may conduct the annual audit. The audit committee should be made up of at least two members of the parent organization/booster club who are not involved in the parent organization/booster club's day-to-day financial operations or the handling of cash receivables or expenditures. The president or the treasurer should not be conducting the audit.

❖ Audit Procedures for the Audit Committee:

1. Review reconciled bank statements and cancelled checks to determine that:
 - a. All disbursements have been properly documented with an invoice or receipt.
 - b. All disbursements have been properly approved.
 - c. All checks have been properly signed.
 - d. All checks have been deposited or cashed by the payee indicated.
 - e. All checks have been accounted for in the proper sequence (no missing checks).

2. Review the addition and subtraction on all cash receipts and deposits.
3. Compare all cash receipts and deposits to all bank statements.
4. Verify that all receipts and disbursements were allocated to the correct accounts and budget categories.
5. Verify that all income from sales, dues, or any other sources has appropriate backup. The total amount collected should match the amount deposited into the bank account.
6. Review all of the treasurer's monthly reports and check them for accuracy. Review beginning and ending balances on reports to verify that correct ending balances were carried forward as beginning balances on subsequent reports.
7. Verify that only current parent organization/booster club officers are authorized signers on bank account(s). Former officers should not remain on the account(s) as authorized signers. District employees must not be authorized signers on any parent organization/booster club account.
8. Obtain proof that all applicable sales taxes were paid.
9. The audited financial report should be signed by all members of the audit committee and submitted to the Business Services department no later than September 1 following the end of the fiscal year.
10. Verify that all necessary 1099s were issued to all applicable vendors.

RETENTION OF RECORDS

Because voluntary organizations such as parent organizations/booster clubs often experience frequent changes of officers and members, it is important that all of the financial activities of the parent organization/booster club are always clearly documented and that clear procedures for retaining documents both electronically and hard copy are established.

- Keep all documentation and records for each year separate from the subsequent year's records and documentation.
- Label folders and use separate folders for different types of documents.
- Retain the following documents permanently:
 - ✓ All cash receipts.
 - ✓ All cash disbursements and general ledger.
 - ✓ All bank records.
 - ✓ All income tax returns.
 - ✓ All minutes of all parent organization/booster club meetings as required by the parent organization/booster club's constitution or bylaws.
